THIS IS PRECISELY WHAT YOU WERE MISSING ALL ALONG!

The eXpressive 860 meets all of your requirements. Whether it's sewing or embroidery you want you can create all your designs in a blink of an eye and with impressive ease.

A wide range of categorised embroidery patterns and the possibility to download your own files allows you to endlessly customise your sewing projects without ever compromising on quality.

As for sewing, the eXpressive 860 will help you handle any type of fabric and offers you a choice of 200 stitches so you can create all your sewing ideas flawlessly, from decorative stitches to finishing touches!

FAST, ACCURATE AND EASY.

When leading edge technology merges with Swiss design the result is the eXpressive 860. An ultra-compact and simple sewing machine full of tips to make life easier for users. Thanks to its new four times faster processor, direct access to basic functions and two storage spaces for accessories, the eXpressive 860 has thought of everything. Switch from the sewing to the embroidery mode without fuss thanks to a new embroidery unit that you don't need to disconnect if you wish to switch to sewing. Take advantage of the embroidery unit while sewing by securing the cloth guide on it for a perfect alignment! Feel free to express your ideas, the eXpressive 860 will support you!

EMBROIDERY AND SEWING

EASY TO USE

Going to and from the embroidery and sewing functions has never been easier. There is no need to handle the embroidery unit. It may be saved when you switch to the sewing option. This ultra-compact model has been designed to provide perfect stability while sewing and embroidering, providing maximum comfort and making it easier to use a combination of both features.
